

## PRELIMINARY PROGRAMME

---

***15<sup>th</sup> European Conference  
on  
Perfusion Education and Training***

**Saturday, 3rd October 2015  
0900 - 1730  
Amsterdam, The Netherlands**

**Forum Room, ground level  
RAI Conference Centre**

## ***The European Board of Cardiovascular Perfusion***

---

Chairman: Prof. Alexander Wahba MD (Norway)

General Secretary: Mr. Frank Merkle Dipl. med. Päd (Germany)

General Secretary Elect: Conny Nielsen (Denmark)

Organizer: Judith Horisberger (Switzerland)

Registration: Damien McCann (Ireland)

Treasurer: Else Nygreen (Norway)

Webmaster: Heinz Weitkemper (Germany)

Scientific committee: Judith Horisberger (Switzerland)

Leen Vercaemst (Belgium)

Carole Hamilton (Germany)

Inês Figueira (Portugal)

**[www.ebcp.org](http://www.ebcp.org)**

## SESSION MODERATORS:

---

Alexander Wahba MD, PhD  
Dept Cardio-thoracic Surgery  
Trondheim, Norway  
EBCP Chairman

Gudrun Kunst MD PhD  
Cardiac anesthetist  
Kings College  
London UK  
EACTA delegate

Adrian Bauer  
Chief perfusionist  
Herzzentrum Coswig  
Coswig, Germany  
EBCP Vice General Secretary

Jan Schaarschmidt  
Senior perfusionist  
HerzzentrumCoswig  
Coswig, Germany  
EBCP delegate

Carole Hamilton  
Chief Perfusionist, Lifesystems / Specialty Care Vogtareuth  
Schoen Clinic, Germany  
EBCP Academic Committee

Leen Vercaemst  
Perfusionist, Coordinator Perfusion School Leuven  
Leuven, Belgium  
EBCP ELSO representative

Tomas Gudbjartsson MD.Ph.D  
Landspítali University Hospital  
Reykjavik, Iceland  
EACTS representative

Frank Merkle Dipl.-Med. Päd  
Akademie für Kardiotechnik  
Deutsches Herzzentrum Berlin  
EBCP General Secretary

Dalibor Zovko  
Clinical Hospital Magdalena  
Krapinske Toplice, Croatia  
EBCP delegate

Darren Best  
Clinical Perfusion Specialist & Senior Academic Lecturer  
NESCOT, Surrey, UK  
EBCP Delegate

**09:00-09:10**

**“Welcome to Amsterdam”**

**Speaker:**

Peter van den Barselaar  
President, NeSECC, The Netherlands Perfusion Society

**0910-1050**

**Scientific Presentations**

Moderators Alexander Wahba MD, Gudrun Kunst MD

**10.50-11:20**

**Coffee break**

**11:20-13:00**

**Scientific Presentations**

Moderators Adrian Bauer, Jan Schaarschmidt

**13:00-14:00**

**Lunch**

**14:00-14:40**

**Poster presentations**

Moderators Carole Hamilton, Leen Vercaemst

**14.40-15:45**

**Scientific Presentations**

Moderators Tomas Gudbjartsson, Frank Merkle

**15:45-16:15**

**Coffee break**

**16:15-17:05**

**Scientific presentations**

Moderators Dalibor Zovko, Darren Best

**17:05-17:15**

**Closing speech**

Conny Nielsen

Time	Speaker/title	Page
<b>09:10-0930</b>	<b>Normunds Sikora</b> The proper delivery pressure for cardioplegic solution in neonatal cardiac surgery- an investigation of biomechanical and structural properties in neonatal and adult coronary arteries	
<b>09:30-09:50</b>	<b>Kivanç Metin</b> Efficacy of minimized circuits on CPB in pediatric cardiac surgery	
<b>09:50-10:10</b>	<b>Yves Durandy</b> Evaluation of the benefits and safety of miniaturized circuits on blood transfusion on blood transfusion in < 10kg pediatric patients	
<b>10:10-10:30</b>	<b>Kyriakos Anastasiadis</b> Modular minimal invasive Extracorporeal Circulation (MiECC) Systems as the standard practice for performing Cardiac Surgery	
<b>10:30-10:50</b>	<b>Valerio Mazzei</b> Feasibility of utilization of miniaturized CPB during aortic valve surgery including minimally invasive approach	
<b>11:20-11:40</b>	<b>Robert Baker</b> Transfusion, Independent of Anaemia is Associated with mortality after Cardiac Surgery: Multicentre Analysis using the perfusion Downunder Collaborative Database	
<b>11:40-12:00</b>	<b>Debora Castellani</b> Technical strategies to reduce hemodilution	
<b>12:00-12:20</b>	<b>Timothy Jones</b> The role of Simulation in Perfusion	
<b>12:20-12:40</b>	<b>Mirko Belliato MD</b> vv-ECMO: the 'LANDING monitor real time contribution' for adequate patient's respiratory function.	
<b>12:40-1300</b>	<b>Andy Stone</b> Single Centre retrospective Investigation in a routine use of a new Oxygenation System	
<b>14:00-14:40</b>	<b>Poster session powerpoint presentations</b>	<b>23-30</b>
<b>14:40-15:00</b>	<b>Sorin presentation</b>	
<b>15:00-15:15</b>	<b>Carole Hamilton</b> 3/8" venous line without vacuum – what are the limits?	
<b>15:15-15:30</b>	<b>Leen Vercaemst</b> Blood cell trauma in ECLS- The Role of Centrifugal Pumps	
<b>15:30-15:45</b>	<b>Roberto Miceli</b> The application of the ECMO circuit in Neurosurgery	
<b>16:15-16:35</b>	<b>Marc Lagny</b> Leucocytes and Lipid particles Filtration in suction blood during CPB: impact on Kidney Function evaluated with a monocentric prospective randomized study	

**16:35-16:50**     **Anatole Kanevsky**  
Oxygenator Performance Characteristics in a 2.93m<sup>2</sup> BSA patient – A case report

---

**16:50-17:05**     **Frank Merkle**  
What is the risk of CPB?

---

Time	POSTER PRESENTATION Speaker/title	Page
14:00-14:05	<b>Monica Patricia Hernandez Abaunza</b> Comparative Study of Del Nido versus Custodiol Cardioplegia in Adult Cardiac Surgery	
14:05-14:10	<b>Jessica Dada</b> Challenges to Perfusion Practice following the Introduction of an Intra-aortic Occlusion Device in a Centre with experience of Minimal Incision Cardiac Surgery	
14:10-14:15	<b>Judita Andrejaitiene</b> Post-operative Delirium in Patients after Cardiac Surgery: Incidence, Risk Factors and Outcome	
14:15-14:20	<b>James Ferguson</b> The Comparison of the gold standard blood gas to the real-time Spectrum non-invasive blood gas monitoring system for maintaining the patients physiological parameters during CPB	
14:20-14:25	<b>Cinzia Casarotto</b> Separation of Extracavity Blood during coronary Surgery reduces Systemic Inflammatory Response, Hemolysis, need for Transfusion and post-op hospitalization	
14:25-14:30	<b>Anna Semenova</b> Somatic NIRS-Oxymetry may reflect the Adequacy of Perfusion in Adults	
14:30-14:35	<b>Aleksandra Temelkovska</b> Aortic valve surgery using only blood for cardioprotection	
14:35-14:40	<b>Altia Crous</b> An Evaluation and comparison of Metabolic and Clinical changes in patients with Acute Coronary Syndromes Undergoing On-pump and Off-pump CABG
